Virginia Comprehensive Assistance Network

■ The Virginia Comprehensive Assistance Network (VA CAN) is a partnership of state, federal and nonprofit agencies and programs that benefit Virginia businesses.

The mission of VA CAN is to provide businesses with easy access to all providers of business information, services and assistance. The network provides a vehicle for its partners to cooperate and leverage their individual resources for the benefit of the business community.

One of VA CAN's primary goals is to educate businesses, local government officials and the public about the low-cost and no-cost services available through our member organizations. ■
